SAY NO TO CRACKERS

Students are appealed to celebrate Diwali festival by saying **“No to Crackers”** as it leads to Air & Noise Pollution. You all are aware about the ill effects of bursting crackers. As expected, you all will not only pursue **“Crackers free Diwali”** in your own campus, but also encourage others in your nearby places for the same. To reduce the ill effects of pollution, you all are requested to plant a tree this Diwali for the preservation of our environment. Let's celebrate an Eco-friendly Diwali.

“If you don't kill pollution then it will eventually kill you”

Mr. G.K. Wadhvani
Dy. Director
