Corporate Mentorship

IITM has well established Corporate Mentorship concept which maintains a healthy relationship between Corporate Mentors (Alumni) and Mentees (current junior batch students). The Institute has 18 Corporate Mentors active currently and every mentor has small number of mentees or junior batch students under his/her wing to guide and inspire. The small size of the mentees batches helps the corporate mentors to share undivided attention, identify true strengths or weaknesses of his/her mentee and help them to grow professionally.

Assistance in placement

Alumni of IITM working in Corporate at senior positions assist the Industry Institute Partnership Cell (IIPC) of IITM regularly by sharing vacancies in their respective organizations as and when they are announced. Alumni connect in this regard helps the junior batches a lot by generating placement opportunities and helps them to receive placements.
