The Institution awarded merit scholarships for Institutional Topper, Program Topper, Class Topper and IITM Advanced Learners (who scored 86 % and above) in all the programs. Total Scholarship Amount disbursed for the Academic Session 2023-24 was Rs. 3,93,060/- and for Academic Session 2021-22 was Rs.2,04,500/-.

ii. PRE-ADMISSION

One-time Pre-Admission Merit Scholarships up to INR 1, 00,000 each are available purely based on academic merit (previous transcripts), a clear career plan & leadership potential demonstrated by the candidate during his/her interview. Shortlisted candidates will be duly informed of their interview date well in advance before the commencement of GGSIPU's last and final Preference-filling.

f. Quality Enhancement Initiative

i. IQAC

The Internal Quality Assurance Cell has successfully submitted the Annual Quality Assurance Report (IQAR) for the session 2020-21. A NAAC review meeting was conducted to analyse the quality gaps as identified in the NAAC cycle 2 in which the institution has been awarded an "A" grade. This year marked the addition of eminent external experts such as Prof. (Dr.) A.K Saini (Dean, USMS, GGSIPU) & Prof. (Dr.) P.S Grover (Retd. Dean/Director, Department of Computer Science, Delhi University) to IQAC. The IQAC has conducted 21 meetings ever since its inception in 2014 during the NAAC cycle1.

ii. Teaching Learning Pedagogy (OBE)

The Institute has implemented "**Outcome Based Education (OBE)**" and takes pride in developing the necessary manpower and infrastructure to implement Outcome Based Education effectively. The process involved restructuring of curriculum, assessment and reporting practices in education to reflect the achievement of high-order learning and mastery rather than the accumulation of course credits. Thus the primary aim of OBE is to facilitate desired changes within the learners, by increasing knowledge, developing skills and/or positively influencing attitudes, values and judgment. OBE embodies the idea that the best way to learn is to first determine what needs to be achieved. Once the end goal (product or outcome) has been determined the strategies, processes, techniques, and other ways and means can be put into place to achieve the goal. Hence in a sincere bid to align itself to the quality requirements of NBA and NAAC the institution restructures its teaching pedagogy to render each academic activity outcome based. A dedicated academic staff implements the OBE teaching-learning process at IITM through rigorous planning, keeping in view the industry needs. Students undergo classroom lectures, tutorials, case studies, assignments, seminars, workshops, multimedia presentations, and expert lectures by eminent personalities from the industry and academia.

A unique personality development module has been introduced within the syllabi to develop the soft skills of the students. Students punctiliously participate in co-curricular and extra-curricular activities.

The pedagogy adopted at IITM emphasizes on inculcation of academic excellence and professional skills that help to apply conceptual learning to live business situations in the industry. The focus is on achieving high standards of interactive learning processes by adopting innovative teaching methods that motivate students to create and apply knowledge by thinking and doing. Thus, preparing the students for leadership in a rapidly changing world. The pedagogy at IITM has been carefully crafted to help students develop an intellectual capacity for analysis, assessment, and judgment, decision-making and action-taking that are essential components of the career the students choose to pursue. Our teaching methods comprise lectures, assignments, case studies role- plays, group

discussions, business games, experiential learning activities, group work, seminars, simulation workshops, skill enhancement workshops, personality development workshops, entrepreneurship development programmes, education tours, recreational tours and field visits. Additionally, Students undertake team projects, presentations and field-based projects as part of different courses.

iii Skill Development

At IITM, we emphasize helping students achieve academic brilliance while imbibing the skills required to be true leaders and team players. Thus, we strive to prepare them for life in the highly competitive corporate world.

The skill enhancement programmes help students acquire skills to identify and tackle complex management problems. Skills imparted to the students will assist them in navigating through unforeseen and challenging business, economic and social changes of the future.

The objective of skills development is to learn “Learning by Doing”, Analysis and Problem Solving instead of rote learning and Critical thinking as opposed to information gathering. Our skill development courses and workshops facilitate heightened awareness regarding the domestic and international business environments.

3. Infrastructure

a. Class Rooms

To provide an environment conducive to pragmatic learning, the lecture theatres are equipped with an AV system, a PA system and internet connectivity.

b. Computer Labs

The Institute has a cutting-edge air-conditioned multi-lab Computer Centre equipped with the following:

- High-end multi-media workstations in a 1:1 ratio.

- Round-the-clock 100 MBPS dedicated lease line for Internet connectivity from Reliance to cater to the needs of the faculty and students on campus.
- High-end IBM server operating on Linux/Windows.
- LAN connectivity.
- Licensed Academic Software in alliance with Microsoft.
- Dedicated Research Labs.
- Peripheral support including scanners and laser printers.
- 100% power back-up with a standby generator.

c. Research Lab

The Research Center was established in accordance with NAAC guidelines. The institution's Research Center has been formed by the Board of Management and is equipped with the required research facilities. Motivating academics and students to conduct research initiatives is the goal of this. Separate research committees have been established for the management and IT departments. These committees support and direct the academics and students' research endeavors. A faculty member oversees the coordination of each research committee. Each faculty member should belong to a single professional organization in accordance with IQAC criteria. -10 pieces (i5-5 pieces and i7-5 pieces)

d. Seminar/Syndicate Room

The Institute features air-conditioned seminar and syndicate spaces with multimedia equipment, LCD projectors, and Smart Boards. Student seminars, group presentations, project discussions, and guest lectures are frequently held in these spaces.

e. Library

The two libraries of IITM are sizable knowledge bases with a wide range of management and information technology books. The institute's second level has both the undergraduate (UG) and graduate (PG) libraries. Members of the IITM Library encourage and support management and information technology teachers and students' usage of the library's extensive and varied collections.

The full range of library services, including circulation, reference, indexing, Selective Distribution of Information (SDI), Current Awareness Service (CAS), and Interlibrary Loan (ILL), are available to all Institute employees, faculty, and students. Located in the center of the campus, the library uses contemporary technology to give users the information they need to overcome obstacles and succeed in challenging situations. The library has a vast collection of books on management and information technology to meet the needs and requirements of both teachers and students. It is completely computerized and well-stocked with the most recent editions of books by renowned writers.

The primary mission of the IITM Libraries is to provide services and materials that support and reflect the mission of Institute. The Libraries function in support of the academic, professional and technical curricula by providing an array of information resources in a variety of formats. They serve as an educational facility where students and faculty members may learn methods of accessing, retrieving, and evaluative informatio

LIBRARY GOALS

1. To provide access to current and authoritative information resources that will support the needs of the College and promote student success.
2. To assist students and faculty with the construction of search strategies that result in the effective use of library resources.
3. To provide a collection of materials relevant to professional development and enrichment for faculty and staff.
4. To provide qualified personnel to other optimum level service to students, faculty members, and staff members, to develop and maintain the collections, and evaluate services and activities on the continual basis.
5. To provide a clean, safe, attractive and reasonably quiet environment that will encourage study and academic scholarship.

F. Auditorium

With 240 seats, the state-of-the-art, centrally air-conditioned auditorium is furnished with a big LCD screen, an LCD projector, and a contemporary public announcement system. Numerous extracurricular and cocurricular events, such as conferences, seminars, and workshops, are held in the auditorium and initiatives for faculty development.

G. Canteen

The Institute has a Nescafe shop and a well-run canteen. These are separated by large, designated seating spaces for visitors, employees, and students. Students can find a variety of nutritious food options in the cafeteria area, as well as a center for lively discussion that aids in their relaxation.

H. Meditation Room

Workshops on yoga and stress management are held in Dhyani Kaksha. The purpose of these sessions is to instill the skill of self-management.

I. Common Girls & Boys Rooms

Boys' and girls' separate common areas have been set up so they can socialize, relax, and learn from one another.

The NSS Cell at IITM is a dedicated platform fostering social responsibility and community engagement among students. Through diverse initiatives like blood donation drives, cleanliness campaigns, and skill development programs, the cell empowers students to contribute meaningfully to societal development. It aims to instill values of empathy, leadership, and teamwork, ensuring holistic development and nurturing a generation committed to positive societal change.

ADMINISTRATION

The Institute was assessed as Category “A” by the Joint Assessment Committee of Govt. of NCT of Delhi & GGSIP University for the academic year 2022-23.

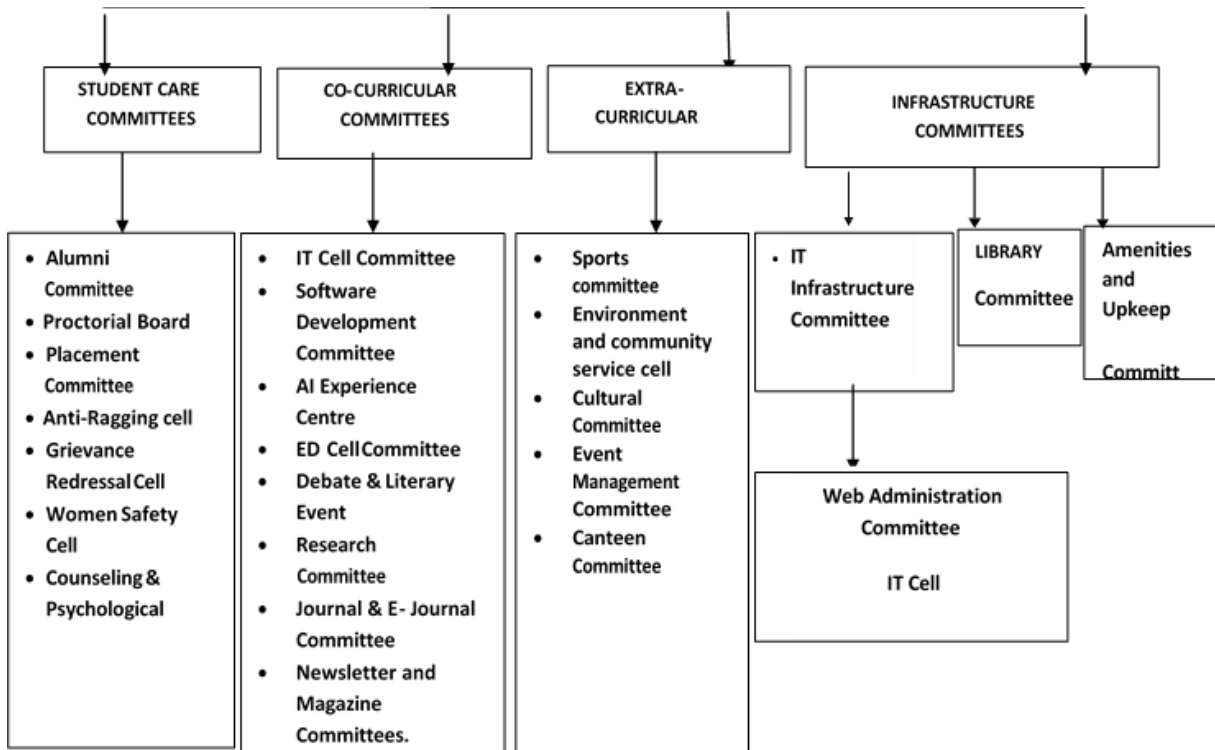

A Fee Committee was set up by the Govt. of Delhi for deciding the fee structure in the self-financed institutions. The Committee fixed the following fee in respect of the courses being run at the Institute:

- (a) BCA : Rs 86,400 per annum
- (b) BBA : Rs 88,000 per annum
- (c) B.COM (H) : Rs. 83,800 per annum
- (d) MBA : Rs 1,44,000 per annum

c. Committees structure

**Over and above there are Committees for Co-Curricular and Extra-curricular*

COMMITTEE STRUCTURE

ii. **PRE-ADMISSION**

One-time Pre-Admission Merit Scholarships up to INR 1,00,000 each are available purely based on academic merit (previous transcripts), a clear career plan & leadership potential demonstrated by the candidate during his/her interview. Shortlisted candidates will be duly informed of their interview date well in advance before the commencement of GGSIPU's last and final preference-filling.

f. Quality Enhancement Initiative

i. IQAC

The Internal Quality Assurance Cell has successfully submitted the Annual Quality Assurance Report (IQAR) for the session 2021-22. A NAAC review meeting was conducted to analyze the quality gaps as identified in the NAAC cycle 2 in which the institution has been awarded an “A” grade. This year marked the addition of eminent external experts such as Prof. (Dr.) A.K Saini (Dean, USMS, GGSIPU) & Prof. (Dr.) P.S Grover (Retd. Dean/Director, Department of Computer Science, Delhi University) to IQAC. The IQAC has conducted 21 meetings ever since its inception in 2014 during the NAAC cycle1.

ii. Teaching Learning Pedagogy (OBE)

The Institute has implemented "**Outcome Based Education (OBE)**" and takes pride in developing the necessary manpower and infrastructure to implement Outcome Based Education effectively. The restructuring of education at IITM involves a comprehensive overhaul of curriculum, assessment, and reporting practices to prioritize high-order learning and mastery over the mere accumulation of course credits. The central goal of Outcome-Based Education (OBE) is to bring about positive changes in learners by enhancing knowledge, skills, and influencing attitudes. The institution has aligned itself with quality standards set by NBA and NAAC by implementing OBE in its teaching pedagogy.

Dedicated academic staff at IITM meticulously plan and execute the OBE teaching-learning process, considering industry needs. Students engage in various activities such as classroom lectures, tutorials, case studies, assignments, seminars, workshops, multimedia presentations, and expert lectures by industry and academic experts. A special personality development module has been introduced to enhance students' soft skills, and active participation in co-curricular and extra-curricular activities is encouraged.

IITM's pedagogy emphasizes the cultivation of academic excellence and professional skills, enabling students to apply conceptual learning to real-world business scenarios. The focus is on interactive learning processes with

innovative teaching methods, motivating students to generate and apply knowledge through critical thinking and practical application. This approach aims to prepare students for leadership roles in a dynamic world.

The carefully crafted pedagogy at IITM aims to develop students' intellectual capacities, including analysis, assessment, judgment, decision-making, and action-taking—essential components for their chosen careers. Teaching methods encompass lectures, assignments, case studies, role-plays, group discussions, business games, experiential learning, seminars, simulation workshops, skill enhancement workshops, personality development programs, entrepreneurship development initiatives, educational tours, recreational tours, field visits, team projects, presentations, and field-based projects across different courses.

iii. Skill Development “ Karma” (Kaushal Augmentation & Restructuring)

At IITM, we emphasize helping students achieve Kaushal Augmentation & Restructuring while imbibing the skills required to be true leaders and team players. Thus, we strive to prepare them for life in the highly competitive corporate world.

Engaging in skill enhancement programs at IITM serves as karma for students, equipping them with the abilities to recognize and address intricate management challenges. These acquired skills will prove invaluable in navigating unforeseen and demanding shifts in the business, economic, and social landscape of the future. The aim of developing these skills is to embed a philosophy of "Learning by Doing," prioritizing analysis and problem-solving over memorization and fostering critical thinking instead of simply gathering information. Our courses and workshops on skill development aim to cultivate a heightened awareness of both domestic and international business environments.

3. Infrastructure

a. Class Rooms

To provide an environment conducive to pragmatic learning, the lecture theatres are equipped with an AV system, a PA system and internet connectivity.

b. Computer Labs

The Institute has a cutting-edge air-conditioned multi-lab Computer Centre equipped with the following: High-end multi-media workstations in a 1:1 ratio. Round-the-clock 100 MBPS dedicated lease line for Internet connectivity from Reliance to cater to the needs of the faculty and students on campus.

- High-end IBM server operating on Linux/Windows.
- LAN connectivity.
- Licensed Academic Software in alliance with Microsoft.
- Dedicated Research Labs.
- Peripheral support including scanners and laser printers.
- 100% power back-up with a standby generator.

c. Research Lab

Research Centre was set up as per NAAC recommendations. The Board of Management has established Research Centre with necessary research facilities in the institution. This aims at motivating the faculty & the students to undertake research projects. The Research Committee has been constituted for the IT and Management Departments separately. These committees encourage and guide the research activities of the faculty and students. Each research committee is coordinated by a faculty member. As per IQAC guidelines, each faculty should be a member of one professional body. Quantity -10 Pcs (i5-5 pcs & i7-5 pcs)

d. Seminar/Syndicate Room

The Institute has air-conditioned seminar and syndicate rooms equipped with LCD projectors, Smart Boards and multimedia systems. These rooms are used regularly for student seminars, group presentations, project discussions and guest lectures.

e. Library

IITM has two libraries which are large repositories of knowledge having a diverse collection of books on Management and Information Technology. Both the Under Graduate (UG) and Post Graduate (PG) libraries are on the second floor of the institute. IITM Library members support and promote the use of rich and diverse collections among the students and faculty of Management and Information Technology.

All students, faculty members and staff of the Institute are entitled to make use extensive of the library services such as circulation, reference, indexing, Selective

Dissemination of Information (SDI), Current Awareness Service (CAS) and Inter Library Loan (ILL). The Library is situated in the heart of the campus incorporating modern technologies to provide the readers right information at the right time to face the challenges and achieve results in complex conditions. The library is well-stocked and fully computerized with the latest editions of books by eminent authors and is having a huge collection of books on Management and Information Technology to cater to the needs and requirements of the faculty as well as students.

LIBRARY GOALS

1. To provide access to current and authoritative information resources that will support the needs of the College and promote student success.
2. To assist students and faculty with the construction of search strategies that result in the effective use of library resources.
3. To provide a collection of materials relevant to professional development and enrichment for faculty and staff.
4. To provide qualified personnel to other optimum level service to students, faculty members, and staff members, to develop and maintain the collections, and evaluate services and activities on the continual basis.
5. To provide a clean, safe, attractive and reasonably quiet environment that will encourage study and academic scholarship.

LIBRARY FACILITY UPGRADATION

The Library has 5535 titles of books, out of which 305 were added during 2022-2023. Total numbers of volumes have been increased to 39545 in the year 2022-2023. The library subscribes to 72 National and International Journals, Magazines, besides getting 28 Journals in Exchange with our IITM Journal of Management and IT. The library has subscription to DELNET resources, World E-Books Library (WEL), E-Kumbh and also has the access to 31 Online Journals, comprising of 13 (subscribed) and 18 (free). With regard to E-Resources, the library is having online access to 503 Annual Reports of 80 Organizations and more than 1714 free E-books on various subjects; 10705 E-books through DELNET Subscription. Library is already the member of National Digital library of India and E-Research Platform and Central and Eastern European Online Library. The Library has subscribed E—Books through Kindle unlimited Plan. The Institute is now a part of National Digital Library of India Club.

f. Auditorium

The state-of-the-art centrally air-conditioned auditorium with a seating capacity of 240 persons is equipped with an LCD projector, a large LCD screen and a modern Public Announcement System. The auditorium is used to conduct various co-curricular and extra-curricular activities including conferences, seminars, workshops and faculty development programs.

g. Canteen

The Institute has a well-managed canteen and a Nescafe outlet. These are interspersed with dedicated spacious seating areas for students, staff and guests. The canteen area serves as a spot where students not only get a plethora of healthy-eating options but also as a hub of hearty conversation which helps them unwind.

h. Meditation Room

Yoga and Stress Management workshops are organized in Dhyani Kaksha. These workshops are conducted with the mission of inculcating the art of self-management.

i. Common Girls & Boys Rooms

Separate common rooms have been provided for boys and girls where they can interact, unwind and widen their knowledge through peer learning.

4 Committees

a. Extra-Curricular Activities

Participating in extracurricular activities at IITM is highly encouraged as it contributes significantly to a student's overall development and adds value to their career prospects. The institute offers abundant opportunities for students to refine their skills in performing arts and other areas.

Engaging in these activities helps students develop various soft skills, fostering excellence and reinforcing ethical values. Extracurricular involvement also provides a platform for students to engage in a wide range of activities, promoting diversity in their experiences.

The coordination and organization of these events are primarily managed by students themselves, closely supervised by faculty members. IITM students have showcased their talents and achieved recognition at various levels, including university, state, and national competitions.

Several extracurricular committees operate within our institution, each dedicated to specific areas, contributing to a vibrant and dynamic campus life. These committees play a crucial role in facilitating student participation and success in diverse extracurricular pursuits.

i) Sports Committee

"Success is sweet, but its secret is sweat." A lot of hard work, perseverance, sweat and toil were seen in the sporting field. Students of IITM actively participated in various outdoor and indoor games like volleyball, badminton, cricket etc. organized by the Institute to imbibe team spirit & sportsmanship.

OBJECTIVES:

The Institute commits itself to systematically providing the necessary support to students to give them the opportunities to pursue their goals of winning medals in sporting competitions. The objective of the committee is given below:-

1. To provide universal access to sports and physical education for all students.

ii). Environment & Community Service Committee

The Environmental & Community Services Committee at IITM is dedicated to raising awareness among students about their social and environmental responsibilities. This committee strives to mold young minds into responsible citizens by providing them with a platform to understand and appreciate various environmental factors and issues. Through literacy programs and sensitization initiatives, students gain insights into the consequences of human actions on the Earth and its resources.

The focus extends to promoting a deep understanding of both local and global actions that can encourage sustainable living and deter unsustainable practices. At IITM, our aim is to enrich the overall learning experience of students, emphasizing the importance of preserving natural resources and promoting energy efficiency.

This committee acts as a bridge between the youth and the underprivileged sections of society, fostering a sense of responsibility and sensitivity among students toward community upliftment. The overarching goal is to shape students into conscientious

citizens committed to the sustainable and responsible use of resources, thereby contributing to a more environmentally conscious and socially uplifted society.

iii. Cultural Committee

Cultural Committee gives opportunities for holistic development of the students by facilitating maximum participation and providing equal opportunity to every student to showcase his or her innate cultural qualities while imbibing, in them, team spirit, leadership potential, a feeling of oneness and a sense of belonging towards the institution and the society at large.

OBJECTIVE

1. The objective of the cultural committee is to enable our students to be a part of not only the academic world but also to participate in extra- curricular activities.
2. To expose the students to these out-of-the-classroom activities with diverse groups of individuals and help them to understand the importance of critical thinking skills, time

management, cultural diversity management, academic and intellectual competence as well as to gain more self-confidence, autonomy, and appreciation for other's differences and similarities, and also to enhance their leadership and interpersonal skills.

3. To sensitize the students towards a better understanding of their abilities, talents, and career goals and allow them to link academic knowledge with practical experience.

The Event Management Committee aims to unearth talent and harness it for the personality development of the students through participation in wide- ranging extra - curricular events. The Institute organizes various events like poster-making, rangoli, fine arts activities, student presentations, founders' day, awareness programmes etc. and each student has to be an active participant in these events to cultivate soft skills, thinking skills, Social Etiquette etc. Workshops on Time Management, Positive Thinking and Goal Setting are periodically organized to stimulate the thinking process of the students and facilitate their professionalism.

These events are conducted to inculcate soft skills, communication skills, coordination, organizing skills, team spirit, etc. in the students thereby contributing towards nurturing excellence. Extra-Curricular Events are important as they have a vital role in the holistic development of students.

At IITM, special care is taken for the intellectual growth of the students which is matched with their personal growth as well.

e. Merit Scholarships

i. IN-HOUSE MERIT SCHOLARSHIPS

In order to acknowledge and encourage brilliant academic performers, the Institute awards Merit Scholarships to the students on the basis of their academic performance in University examinations. The details of scholarships are appended below:

S. No.	Award Category	Amount/Prize
1	Annual Program-wise University Rank Holders	₹ 25,000/- (Annual)
2	Program-wise University Toppers	Matshree Leelawati Gold Medal (5g, 24K Gold)
3	University Exemplary Performance Awardees	₹ 10,000/-
4	Annual Subject-wise University Toppers	₹ 500/- (Semester-wise)

The Institution awarded merit scholarships for Institutional Topper, Program Topper, Class Topper and IITM Advanced Learners (who scored 86 % and above) in all the programs. Total Scholarship Amount disbursed for the Academic Session 2021-22 was Rs. 1,29,725/- and for Academic Session 2020-21 was Rs. 1,19,000/- and for Academic Session 2019-20 Rs 2,97,100/-.

ii. PRE-ADMISSION

One-time Pre-Admission Merit Scholarships up to INR 1,00,000 each are available purely based on academic merit (previous transcripts), a clear career plan & leadership potential demonstrated by the candidate during his/her interview. Shortlisted candidates will be duly informed of their interview date well in advance before the commencement of GGSIPU's last and final preference-filling.

f. Quality Enhancement Initiative

i. IQAC

The Internal Quality Assurance Cell has successfully submitted the Annual Quality Assurance Report (IQAR) for the session 2020-21. A NAAC review meeting was conducted to analyse the quality gaps as identified in the NAAC cycle 2 in which the institution has been awarded an “A” grade. This year marked the addition of eminent external experts such as Prof. (Dr.) A.K Saini (Dean, USMS, GGSIPU) & Prof. (Dr.) P.S Grover (Retd. Dean/Director, Department of Computer Science, Delhi University) to IQAC. The IQAC has conducted 21 meetings ever since its inception in 2014 during the NAAC cycle1.

ii. Teaching Learning Pedagogy (OBE)

The Institute has implemented "**Outcome Based Education (OBE)**" and takes pride in developing the necessary manpower and infrastructure to implement Outcome Based Education effectively. The process involved restructuring of curriculum, assessment and reporting practices in education to reflect the achievement of high-order learning and mastery rather than the accumulation of course credits. Thus the primary aim of OBE is to facilitate desired changes within the learners, by increasing knowledge, developing skills and/or positively influencing attitudes, values and judgment. OBE embodies the idea that the best way to learn is to first determine what needs to be achieved. Once the end goal (product or outcome) has been determined the strategies, processes, techniques, and other ways and means can be put into place to achieve the goal. Hence in a sincere bid to align itself to the quality requirements of NBA and NAAC the institution restructures its teaching pedagogy to render each academic activity outcome based. A dedicated academic staff implements OBE teaching-learning process at IITM through rigorous planning, keeping in view the industry needs. Students undergo classroom lectures, tutorials, case studies, assignments, seminars, workshops, multimedia presentations, and expert lectures by eminent personalities from the industry and academia. A unique personality development module has been introduced within the syllabi to develop the soft skills of the students. Students punctiliously participate in co-curricular and extra-curricular activities.

The pedagogy adopted at IITM emphasizes on inculcation of academic excellence and professional skills that help to apply conceptual learning to live business situations in the industry. The focus is on achieving high standards of interactive learning processes by adopting innovative teaching methods that motivate students to create and apply knowledge by thinking and doing. Thus, preparing the students for leadership in a rapidly changing world. The pedagogy at IITM has been carefully crafted to help students develop an intellectual capacity for analysis, assessment, judgment, decision-making and action-taking that is essential components of the career the students choose to pursue. Our teaching methods comprise lectures, assignments, case studies,

role-plays, group discussions, business games, experiential learning activities, group work, seminars, simulation workshops, skill enhancement workshops, personality development workshops, entrepreneurship development programmes, education tours, recreational tours and field visits.

Additionally, students undertake team projects, presentations and field-based projects as part of different courses.

iii. Skill Development

At IITM, we emphasize helping students achieve academic brilliance while imbibing the skills required to be true leaders and team players. Thus, we strive to prepare them for life in the highly competitive corporate world.

The skill enhancement programmes help students acquire skills to identify and tackle complex management problems. Skills imparted to the students will assist them in navigating through unforeseen and challenging business, economic and social changes of the future.

The objective of skills development is to ingrain „Learning by Doing“, Analysis and Problem Solving instead of rote learning and Critical thinking as opposed to information gathering. Our skill development courses and workshops facilitate heightened awareness regarding the domestic and international business environments.

3. Infrastructure

a. Class Rooms

To provide an environment conducive to pragmatic learning, the lecture theatres are equipped with an AV system, a PA system and internet connectivity.

b. Computer Labs

The Institute has a cutting-edge air-conditioned multi-lab Computer Centre equipped with the following:

- High-end multi-media workstations in a 1:1 ratio.
- Round-the-clock 100 MBPS dedicated lease line for Internet connectivity from Reliance to cater to the needs of the faculty and students on campus.

- High-end IBM server operating on Linux/Windows.
- LAN connectivity.
-
- Licensed Academic Software in alliance with Microsoft.
- Dedicated Research Labs.
- Peripheral support including scanners and laser printers.
- 100% power back-up with a standby generator.

c. Research Lab

Research Centre was set up as per NAAC recommendations. The Board of Management has established Research Centre with necessary research facilities in the institution. This aims at motivating the faculty & the students to undertake research projects. The Research Committee has been constituted for the IT and Management Departments separately. These committees encourage and guide the research activities of the faculty and students. Each research committee is coordinated by a faculty member. As per IQAC guidelines, each faculty should be a member of one professional body. Quantity -10 Pcs (i5-5 pcs & i7-5 pcs).

d. Seminar/Syndicate Room

The Institute has air-conditioned seminar and syndicate rooms equipped with LCD projectors, Smart Boards and multimedia systems. These rooms are used regularly for student seminars, group presentations, project discussions and guest lectures.

e. Library

IITM has two libraries which are large repositories of knowledge having a diverse collection of books on Management and Information Technology. Both the Under Graduate (UG) and Post Graduate (PG) libraries are on the second floor of the institute. IITM Library members support and promote the use of rich and diverse collections among the students and faculty of Management and Information Technology.

All students, faculty members and staff of the Institute are entitled to make use extensive of the library services such as circulation, reference, indexing, Selective Dissemination of Information (SDI), Current Awareness Service (CAS) and Inter Library Loan (ILL). The Library is situated in the heart of the campus incorporating modern technologies to provide the readers right information at the right time to face

the challenges and achieve results in complex conditions. The library is well-stocked and fully computerized with the latest editions of books by eminent authors and is having a huge collection of books on Management and Information Technology to cater to the needs and requirements of the faculty as well as students.

f. Auditorium

The state-of-the-art centrally air-conditioned auditorium with a seating capacity of 240 persons is equipped with an LCD projector, a large LCD screen and a modern Public Announcement System. The auditorium is used to conduct various co-curricular and extra-curricular activities including conferences, seminars, workshops and faculty development programs.

g. Canteen

The Institute has a well-managed canteen and a Nescafe outlet. These are interspersed with dedicated spacious seating areas for students, staff and guests. The canteen area serves as a spot where students not only get a plethora of healthy-eating options but also as a hub of hearty conversation which helps them unwind.

h. Meditation Room

Yoga and Stress Management workshops are organized in Dhyan Kaksha. These workshops are conducted with the mission of inculcating the art of self-management.

i. Common Girls & Boys Rooms

Separate common rooms have been provided for boys and girls where they can interact, unwind and widen their knowledge through peer learning.

4. Library Facilities

The primary mission of the IITM Libraries is to provide services and materials that support and reflect the mission of the Institute. The Libraries function in support of the academic, professional and technical curricula by providing an array of information resources in a variety of formats. They serve as an educational facility where students and faculty members may learn methods of accessing, retrieving, and evaluating information. The facilities are arranged in library to fulfill the following goals;

1. To provide access to current and authoritative information resources that will support the needs of the College and promote student success.

2. To assist students and faculty with the construction of search strategies that result in the effective use of library resources.
3. To provide a collection of materials relevant to professional development and enrichment for faculty and staff.
4. To provide qualified personnel to other optimum level services to students, faculty members, and staff members, to develop and maintain the collections, and evaluate services and activities continually.
5. To provide a clean, safe, attractive and reasonably quiet environment that will encourage the study and academic scholarship.

LIBRARY FACILITY UPGRADATION

The Library has 5290 titles of books, out of which 169 were added during 2021-2022. Total numbers of volumes have been increased to 35987 in the year 2021-2022. The library subscribes to 73 National and International Journals, Magazines, besides getting 28 Journals in Exchange for our IITM Journal of Management and IT. The library has a subscription to DELNET resources and also has the access to 26 Online Journals, comprising 12 (subscribed) and 14 (free). 6. Committees

a. Extra Curricular Activities

Extracurricular activities inculcate additional credit towards a career and thereby leading to the holistic development of an individual. At IITM, students are given ample opportunities to hone their skills in various forms of performing arts and other areas.

These activities inculcate in the students' various soft skills there by nurturing excellence and strengthening the value system. Extracurricular activities provide them with the platform to participate in diverse activities.

These events are co-ordinate and organized by students themselves under close supervision of the faculty members.

IITM students have exhibited their talent and have won laurels in several events at the university level, state level and national level. The various extra-curricular committees functioning in our institution are as given below:

i. Sports Committee

"Success is sweet, but its secret is sweat." A lot of hard work, perseverance, sweat and toil were seen in the sporting field. Students of IITM actively participated in various outdoor and indoor games like volleyball, badminton, cricket etc. organized by the Institute to imbibe team spirit & sportsmanship.

OBJECTIVES :

The Institute commits itself to systematically providing the necessary support to students to give them the opportunities to pursue their goals of winning medals in sporting competitions. The objective of the committee is given below:-

- To provide universal access to sports and physical education for all students.
- Mass participation in sports, culture and competitions by fostering a sports club culture, promoting sports competitions, linking youth development and sports, by advocating the benefits of sports.
- To provide equal opportunities to all its students to participate in sports.

- To promote excellence in sports.
- To develop, maintain and optimally utilize high-quality sports infrastructure.
- To create a culture of sports by imbibing higher moral and ethical values, the spirit of comradeship and the desire to excel.
- To channel vibrant youth energy for sports activities and physical fitness.
- To recognize talent in sports and reward young women and men who achieve excellence in sports.

ii. Environment & Community Service Committee

Environmental & Community Services aims to sensitize students about their social responsibility towards the environment and community. The Committee strives to transform the young minds into responsible citizens of tomorrow. The students who are part of the committee get an ideal platform to gain literacy and sensitization on various environmental factors and issues. It also inculcates an understanding of the consequences of human actions for the earth and its resources; understanding and actions that can be taken locally and globally to encourage sustainable living and to avoid unsustainable practices. We at IITM aim at enhancing the overall learning experience of the students. The committee tends to bridge the gap between youth and the underprivileged section of society, thereby, sensitizing the students towards the upliftment of society. The ultimate goal of the committee is to shape the students into responsible citizens.

v. Canteen Committee

We, in IITM, provide our students with a place to unwind during breaks from hectic academic pursuits. The multi-ethnic tastes of students are catered to within the bursting atmosphere of the multi-cuisine cafeteria serving a variety of snacks and meals. Canteen is the heart of every institution. It caters to the specific needs of everyone. Healthy eating habits are conducive to providing an opportunity for an improved learning environment. The Committee shall be responsible for regular monitoring and supervision of the canteen operations. Canteen Committee aims at providing a variety of quality food & beverages at highly competitive rates.

OBJECTIVE

1. To ensure an effective canteen service to provide healthy and quality food.
2. Provide an enjoyable nutritious attractive selection of food and drink at reasonable prices.
3. Demonstrate high standards of food safety and hygiene concerning the preparation, storage and serving of food.
4. To forward the demands of students and staff to the In-charge of the canteen.

b. Co-Curricular Activities

Co-curricular Activities are the activities that augment the curricular or main syllabi.

The theoretical knowledge gets enhanced, enriched and strengthened when a co curricular activity is conducted.

These activities form an integral part of the pedagogy at IITM that encourages the students to participate enthusiastically in them. It also helps in developing the students' personalities as well as intensifies classroom learning. Positive thinking, character building, creativity and intellectual competitive growth are some of the outcomes of these activities that prepare the students to excel in the outside world.

Co-curricular Activities are also a great means of enhancing social interaction, healthy recreation, leadership, self-discipline and self-confidence. Various co-curricular activities like group discussions, elocution contests, business quizzes, class presentations, debates, inter-institute competitions etc are regularly held at the institute to stimulate the thinking process and form an integral part in the holistic development of the students.

Following committees and clubs have been constituted to provide a forum for the expression of their creative talents:

i. IT Cell

The IT Cell acts as a liaison between the students and the Computer Centre. Commonly known as Computer System Committee on campus, it manages the network, servers etc. With an unavoidable need for internet on campus, the committee works throughout the year to provide the best IT support to the students and is the first point of contact for any internet-related or connectivity issues. The committee also provides download support to the students meeting the requirements of the software, educational documentaries, journals, e-books etc. The committee is also responsible for the procurement of all hardware items and the renewal of software licenses and AMCs.

ii. Software Development Committee

Software Development Cell (SDC), is initiated with the ambition to unearth and harness the technical skills of the students. The SDC looks at the development of new projects which provides an opportunity for students to work in an organized team structure and timelines. Within their project teams, students have the advantage of working as software engineers in different verticals and have exposure to the complete life cycle of software development. The significance of the SDC is to hone the programming skills and software development concepts of students.

OBJECTIVE

1. Provide effective education and training to students
2. To utilize the existing infrastructure and satisfy the current software automation needs of the institution.

3. Identification of technical experts from industry especially alumni for including them as a part of the SDC.
4. To view change in the market as an opportunity to grow; to use our profits, technical expertise and our ability to develop and produce innovative products, services and solutions that satisfy emerging customer needs.
5. To develop & nurture software professionals at every level who are accountable for achieving business results and exemplifying the institute's values.

iii. Robotics & AI Committee Artificial Intelligence Experience Centre

Robotics & AI Committee Artificial Intelligence Experience Centre is initiated with the ambition to Promote Robotics. It is the field concerned with the connection of perception to action; Artificial Intelligence must have a central role in Robotics if the connection is to be intelligent. Artificial Intelligence addresses the crucial questions of what amount of knowledge is required in any aspect of thinking; how that knowledge should be represented; how that knowledge should be used. Robotics challenges AI by forcing it to deal with real objects in the real world. Techniques and representations developed for purely cognitive problems, often in toy domains, do not necessarily extend to meet the challenge. Robots combine mechanical effectors, sensors, and computers. AI has made significant contributions to each component. We review AI contributions to perception and object- oriented reasoning. Object-oriented reasoning includes reasoning about space, path planning, uncertainty, and compliance. We conclude with three examples that illustrate the kinds of reasoning or problem-solving abilities we would like to endow robots with and that we believe are worthy goals of both Robotics and Artificial Intelligence, being within reach of both.

OBJECTIVE

1. To provide effective education and training to students.
2. To combine sophisticated hardware and software with elaborate
3. Databases and knowledge-based processing models.
4. To perform a task that requires extreme precision or tedious or hazardous work by people.
5. To dramatically reduce or eliminate the risk to humans in many applications.

vi. Research Committee

The Research Committee facilitate research activities. Its main objective is to explore new avenues of knowledge and encourage and promote research culture at the Institute. The Institution strongly believes that research and teaching go hand in hand with knowledge accumulation. The committee encourages faculty members and students to undertake and pursue their research and publish their findings. They are also encouraged to participate in and present papers at conferences, seminars, symposia and workshops. They are assisted in drafting proposals for research work or in formulating project proposals for scholarship and fellowship, seeking grants in aid from external agencies (Govt. or Pvt.). The Committee also regularly organizes research- oriented Faculty Development Programs, workshops, Management Development Programs, Seminars & conferences on the campus. The Committee consists of members from both the streams of Management & IT. The following conferences were organized by research committee during annual year 2021-22.

- **Souvenir on International Conference on Role of ICT in Management and Business Practices, Trends and Prospects (ICRIMB-2022)**
- **Conference Proceeding on Role of ICT in Higher Education: Trends, Problems and Prospects (ICRIHE 2020)**

vii. Journal & E-Journal Committee

The "IITM Journal of Management and IT" is a bi-annual journal (ISSN No. Print –0976-8629 & ISSN No. Online – 2349 – 9826) with the mission to propagate quality learning and disseminate innovative information to society through excellence in education and research for the benefit of everyone ranging from the academic and professional research communities to industry practitioners.

The journal encompasses a wide range of topics in the field of Management and Information Technology. IITM has a journal Committee responsible for inviting papers tentatively three months before the publication of the journal issue. It also distributes the tasks such as review of received research papers for the originality of content, checking plagiarism, level of research, proposed ideas & directions for future applications.

- **Journal of Management and IT: Vol-13 No 1 Jan-June 2022.**
- **Journal of Management and IT: Vol-12 No 2 July –Dec 2021.**

d. Women Safety Cell

There is a Committee for Women Safety and Gender sensitization named "Women Safety Cell" which ensures the safety of women, both staff and students within the campus. The Cell conducts Awareness Programs on gender issues, Open Forums,

Street Plays, Skits and Poster Competition which are part of this awareness programme. The Women Safety Cell works under the Supreme Court Orders and Vishaka guidelines. The issues about sexual harassment are also resolved by the institute's Women Safety Cell.

OBJECTIVE

The Women Safety Cell is constituted to ensure the safety of women, both staff and students on the campus. The specific objectives are:

- To attend to all the grievances related to women's safety and sit together with all members to resolve the issue with immediate action and remedial measures, if any, will be taken after approval by the Competent Authority.
- The Members of the Committee will organize programmes to educate and sensitize both staff and students about women's safety and gender issues.

e. Student Care Cell

Student Care Cell promotes success in the Institute by providing comprehensive academic assistance. Through professional mentoring, we nurture a sense of connection and community and provide students with access to available resources to support, encourage and nurture a meaningful overall experience in the institute.

The Institute provides individualized counselling for personal, career, and academic-related, activities. Instructions are designed to acquaint students with career options, and exposure to inter-college cultural and technical events. The Institution follows a "Process Oriented Student Centric Learning Approach". This has been an integral part of the system and procedures of our institution. This approach resulted in a distinctive percentage of students' progress to higher education and eventually consensual to employment. The atmosphere of the institution has always given a platform for studies, the interaction of students and faculties with eminent personalities, and exposure to industry & various academic areas. The following committees take care of various student-related issues.
