MANAGEMENT CLUB POLICY

Introduction:

The Management Club of IITM aims to go beyond classroom learning by promoting creative and inventive thinking among students. This club organizes events that cover every functional area of management, such as HR, Marketing, and Finance, at both inter and intra-college levels. These activities encourage students not only to learn to manage things independently but also to supplement their professional development by enhancing their understanding of the subjects involved with better clarity.

Additionally, the club fosters leadership skills, teamwork, and practical problem-solving abilities. It provides a platform for networking with industry professionals and alumni, thereby bridging the gap between academic knowledge and real-world application. The club also conducts workshops, guest lectures, and seminars to keep students updated on the latest trends and practices in management. Through these initiatives, the Management Club strives to prepare students for successful careers in the dynamic field of management.
